# WHAT IS CORVA?

The California Off Road Vehicle Association (CORVA) is a varied group of outdoor recreationalists who are extremely active in promoting the positive aspects of vehicular access on public lands and protecting that right.

The group is composed of the owners of "Green Sticker" vehicles such as ATV's, motorcycles, 3-wheelers, trials bikes, and dune buggies, as well as "street-legal" 4X4 vehicles, dual sport motorcycles, bajas and desert racers.

The main purpose of CORVA is to work with the land managers for responsible off-highway vehicular access and recreation opportunities. Secondly, we educate our membership on the constantly changing rules and regulations and promote conservation, clean-up and trail maintenance projects.

We participate in lobbying activities in Sacramento and Washington, DC. We work closely with the State Department of Parks and Recreation providing input to the Off-Highway Motor Vehicle Recreation (OHMVR) Program from the users' standpoint. We provide a valuable resource to land managers in the form of dedicated OHV enthusiasts who believe in responsible vehicular access.

A portion of the budgets for California's national forests and the public lands administered by the BLM is funded by grants from the Green Sticker Program. We work with the land managers to formulate the grants and give our input about the grants to the OHMVR Program which administers them. We also review how effectively our Green Sticker money was used in each program.

We are active at all levels of the land management public process with both the BLM and USFS. We do this by commenting on environmental documents on as many issues as possible and maintaining close relationships with personnel in the field as well as the staff.

We coordinate with other multiple use organizations ranging from snow-mobiles to horse enthusiasts to protect multiple-use rights from the environmental extremists. **We are "dedicated to protecting our lands for the people, not from the people."**

If you would like to join the fight to protect our public lands for multiple-use recreation, fill in the application in this issue and send it in! If you would like more information, contact us at 1-800-42-CORVA!

## President's Report

# I've Got News For You

By Ed Waldheim  
President

This is my last article as President of CORVA. By the time you read this the CORVA elections will have been completed. Thus, my new title will be CORVA Past President, one I hold with high regard. I would like everyone to understand that I may not be president of CORVA, but I am far from gone.

There have been those that have told me I should retire, and what has serviced me well in the past is not always good now. They have told me that I should fall in line with other OHV leaders otherwise they will ban me from their meetings. I have been told that I will not be appointed to any positions because I am too outspoken.

Well folks, I hate to tell all those who have been giving me advice that the respect for the other person is primary in our dealing with all our issues, namely "access to our public lands". I have professed this for years and have earned a great deal of respect from the CORVA membership and my peers for my stance to treat people with respect and dignity and to always "Take the High Road". It is only recently that I have heard a few outspoken people announce their displeasure with my dedication and work ethic.

My belief in giving respect to all people is not only true for OHV users, but for all recreationist — equestrian, hikers,

bicyclists, and anyone who loves the Great Outdoors.

When I was on the OHMVR Commission, Past Deputy Director Dave Widell had a vision, a vision for all users of public lands to work together and try very hard to make a difference. He advised me over and over and over again to work with the environmentalist instead of ignoring them. He said if you all work together, you can really make a difference in OHV.

I followed Dave's advice as much as possible. It brought a lot of criticism from the OHV community, and after awhile they beat you down with criticism. It did not help when we lost our California Stakeholders meetings, where we always expressed our opinions openly to the environmentalist and others in the Stakeholder group. In those meetings, we tried to work together. Sometimes it worked, sometimes it did not, but I still think we should have never stopped meeting. Those discussions were beneficial in the long run.

Why? It is because the OHV sport can not live in a vacuum. The State of California's Governor has to represent all users, not just OHV. We, as leaders and advocates of "access to all users", have a responsibility to make sure that our Governor gets a clear message from all of the citizens, not just from one side or the other. This is the only way we all can have success. Public lands are for all users and we have to appreciate and respect that.

Look at the headlines in the *Mono Lake Newsletter* Winter-Spring 2008 "Illegal OHV use in the Mono Basin Roadless Areas." This is totally unacceptable behavior. OHV folks should be ashamed of themselves doing this illegal trail riding.

# Get Involved

## OHV Lobby Day Off-Roaders Meet Legislators & Lobby For Our Sport

By Erin Dyer, CORVA State Secretary &  
Newsletter Editor

On April 7<sup>th</sup>, 2008, the California League of Off-Road Voters (CLORV), of which CORVA is a founding member, hosted its 14<sup>th</sup> Annual OHV Lobby Day. Members from all over California representing all major off-road vehicle associations joined forces to "Walk the Halls" and meet their legislators.

Activities began on Sunday, April 6<sup>th</sup> at 5 pm when lobbyist Pete Conaty & Associates held a Capitol Advocacy Orientation at a nearby hotel. Pete provided insight as to how to interact with a legislator and his or her staff members. This training is helpful to first-time participants and allows all participants to meet each other and share experiences.

On Monday, participants were treated to breakfast at the CSAC Conference

Center one block from the State Capitol. Following breakfast participants heard speeches from dignitaries such as Ruth Coleman, Director, California Department of Parks and Recreation, Daphne Greene, Deputy Director, Off-Highway Motor Vehicle Recreation Division, Joel Anderson, Assemblyman 77<sup>th</sup> District (La Mesa, El Cajon, Santee, San Diego). Next a buffet lunch of beef and chicken fajitas were served. At 1 p.m. participants were split into geographical teams and visits to the Capitol began.

Members hiked around the building visiting legislators' offices and educating them on off-road recreation issues. OHV Lobby Day has three priorities:

1) Train our members on Adopt-A-Legislator concepts by getting the

members comfortable with speaking to their legislators,

2) have the legislators see that off-roaders are professional, family people with careers and are not like the media portrays us to be, and

3) Educate legislators on our position on new bills. Each year the bills change which makes this event interesting year after year.

This year, off-roaders were lobbying the bill SB.1228. This bill would extend the existing law requiring parental supervision from age 14 to age 16; require riders to provide a safety certificate to law enforcement personnel on demand; and requires ATV riders to follow guidelines for appropriate sized ATV's per the following: 1) Age 6 and older – under 70 cubic centimeter engine 2) age 12 and older – 70cc to 90cc, 3) Age 16 and older – over 90cc.

We lobbied that we currently oppose this bill unless it is amended. Off-roaders provided legislators and staffers with statistics and safety data to support our opinion and further stated that existing law already requires ATV certification for children. It is our duty now to continue this lobbying in the local offices of our legislators.

At the end of the day, off-roaders and legislators attended the CLORV Legislative Reception at Chops Steakhouse. We had a private lounge to host our dignitaries and enjoyed the intimate setting to meet and greet the legislators and staffers on a personal level. Here, CLORV announced its "Legislator of the Year" awards. It is invigorating to know how many legislators support our grassroots efforts to keep public lands open to public access.

- OHV Lobby Day - cont'd. on page 17 -

**CORVA members pose with Daphne Greene, Deputy Director State Parks OHMVR Division (sixth from left) at the OHV Legislative Reception following Lobby Day.**

Assemblymember Jean Fuller (R-32 Bakersfield) and Tom, with Assemblyman John Benoit (R-64 Riverside)

All names are listed from left to right.

Assemblyman Doug La Malfa (R-2, Redding) and Pete Conaty, Lobbyist

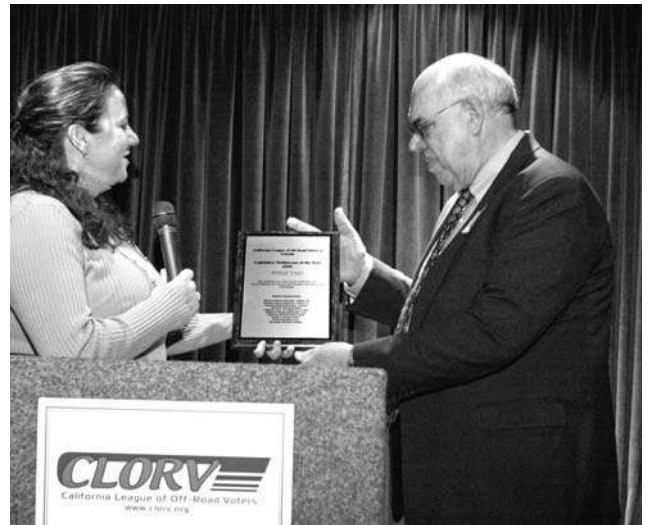

Pete Conaty honors Assemblyman Joel Anderson (R-77, El Cajon) with "Legislator of the Year" Award.

Assemblyman Bob Huff ((R-60, Diamond Barr) with Jerry Grabow, President District 37 AMA Competition

Daphne Greene, OHMVR Deputy Director & Lois Silvernail of CORVA.

Vicky Cossey presents the "Legislative Staffperson of the Year" Award to Phillip Nails.

# Clean UP Project

## Friends of Jawbone and Friends of El Mirage Host Clean Ups

by Ed Waldheim, President Friends of Jawbone & Friends of El Mirage

It was with great pride that Friends of Jawbone held their 12<sup>th</sup> annual Moose Anderson Days (named in honor of past OHV Commissioner Mark "Moose" Anderson) on April 26-27, 2008, and Friends of El Mirage held their 9<sup>th</sup> Annual El Mirage Days on May 3-4, 2008. Now you may say, so what? What is so important about Friends groups hosting a clean up?

Well, the fantastic fact is that look at the tenure of each organization. Each of these groups has been meeting every single month since they incorporated, 12 and 9 years ago, respectively. Their meetings include anyone who is a "Friend".

Just who are these "Friends"? Well, they are recreationists of all types and stakeholders which include private property owners, ranchers, law enforcement officers, County Board of

Supervisors and their aides, California Legislative representatives, newspaper reporters, BLM and Forest Service Field Managers, and USFS Forest Supervisors. This includes environmentalist from bird watchers, to Sierra Club members, to Pacific Crest Trail users, and equestrians. You name it; we have them all at the table.

Once a year we celebrate our achievement in the form of a clean up. Each participant is given a free T-shirt and we host a breakfast and lunch. Our volunteers are highly valued and we make sure they get fed well.

Each year we are honored to have dignitaries come to visit and our members enjoy hearing them speak. At this time we also host our election of officers, give a financial report and most importantly have fun.

This year Eddie from BLM thought it would be a great idea to have something for the kids, and a dunk tank was delivered. First one to go in was BLM Field Manger Hector Villalobos. Then I followed. Now you had to see the BLM employee's line up to have the opportunity to dunk their boss. It was a sight to see and we all enjoyed the laugh.

Now, El Mirage folks are waiting to get BLM Field Manager Roxie Trost of Barstow to do the same and her husband Mike said he would throw the first ball. (There's nothing like friendly rivalry between two BLM field offices!)

Anyone wanting to come to our meetings or clean ups are welcome to join in. We have a great time while cleaning up our favorite riding areas. It is a great time to get together with fellow recreationists. To join in all you have to do is look at the CORVA website at [www.corva.org](http://www.corva.org) and go to "Calendar and Events" on the top toolbar, then click on "OHV Leadership & CORVA Calendar", and they are all listed there. Anyone from the public is welcome as long as you are a friend to OHV. That is a very simple qualification.

Mark your calendar that El Mirage has their 4<sup>th</sup> annual Mid-Year Clean-up scheduled in October and with any luck we will host our inauguration of our brand new visitor Center. This is a project that I have worked on for many, many years on behalf of our sport. It is great to see it come to fruition finally.

Come join us and help us make a difference to "keep access to our public lands open."

Thanks to all the dedicated volunteers that took the time to join us at the Friends of Jawbone Moose Anderson Days and the El Mirage Day events!

# Trail Maintenance

## Stewards and Racers Under the Son Clean Up Trails

Submitted by Narvell Conner

Stewards of the Sierra National Forest and Racers under the Son are newly formed off-highway vehicle clubs in Fresno that have organized to work with the Forest Service to help maintain roads and trails in our National Forest.

The two organizations recently partnered with the Sierra National Forest Bass Lake Ranger District to clean up the forest around the Bass Lake district. More than two dozen volunteers spent the morning and hot afternoon picking up trash and debris that had accumulated along the roads and trails.

Two truck loads of trash were collected and removed, including half of a car body,

a 15'x 12' roll of carpet, old car engine parts and discarded tires. Although it was a hot weekend, everyone pushed through the heat and worked as a team. Volunteers enjoyed hot dogs and drinks provided by RUTS and SOTSNF. The combined cleanup efforts paid off and a noticeable improvement was made to our public lands.

Both organizations are looking forward to the next opportunity to help with keeping their beloved trails clean.

For more information visit our website, [SOTSNF.org](http://SOTSNF.org) Stewards of the Sierra National Forest (SOTSNF) Racers Under The Son (RUTS).

## Extreme Motor Sports Expo

The Extreme Motor Sports Expo hit a down turn this year in attendance by the public and numerous empty booths.

CORVA would like to thank all those who volunteered at this year's event:

# Make A Difference

## A Lesson Learned

The following is an example of why off-roaders need to become politically active. 500 off-roaders got together and wrote letters to the Washington State Governor in opposition to a bill. The Governor responded favorably by vetoing a section of the State budget bill that would have been detrimental to our sport.

This is a wake-up call to CORVA members to get involved in the legislative actions of your state to make a difference. We have OHV Lobby Day each year where you can start off and see the process in action and meet other off-roaders who are taking an active role in the legislative process. We also have CORVA members who will guide you in learning how to work with your local legislators to safeguard our

sport from bad legislation. Contact Ed Waldheim at [edwaldheim@aol.com](mailto:edwaldheim@aol.com) to get involved. -Erin Dyer, Editor

Reprinted from *AMA News & Notes*, by the American Motorcyclist Association Government Relations Department, June 2008

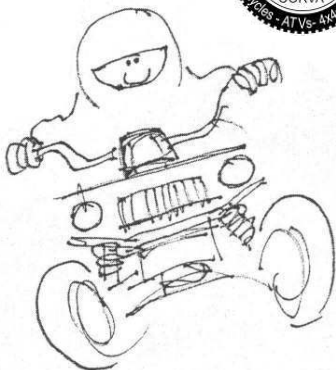

Washington State Governor Christine Gregoire exercised her line-item veto of a measure that would have banned all construction of new trails or facilities for off-road motorized recreation for at least a year.

The measure, which had been inserted in the state budget in a last-minute maneuver, without the opportunity for public debate, would have prohibited the state's

Department of Natural Resources from building or expanding trails or facilities for off-road recreational vehicles until July, 2009. It was one of seven sections of the proposed capital budget that Gov. Gregoire vetoed.

The AMA and other organizations spread the word of the legislature's maneuver. Nearly 500 people used the AMA's Rapid Response Center to send messages to Gov. Gregoire, urging her to veto the measure. Others helping rally support for a veto were the Northwest Motorcycle Association, the Washington Off-Highway Vehicle Alliance, the Washington Road Riders Association, the BlueRibbon Coalition, the Motorcycle Industry Council, the AMA District 27 organization and Americans for Responsible Recreational Access. Notices were also posted on the popular *Thumper Talk* and *KTM Talk* internet forums.

# Advertise in the "Off-Roaders In Action"

## OFF-ROADERS *In Action*

In order for us to keep this great newsletter in print each month, CORVA needs advertisers!

Your business can gain needed attention while CORVA gains the needed funds to spread the word about our fight to keep public lands open for public use. More members means more clout at the State Capitol!

We need you to help CORVA make a difference. Show your care and advertise in the "Off-Roaders In Action" newsletter.

### Advertising Rates

	<u>3 mo</u>	<u>6 mo</u>	<u>12 mo</u>
<b>Full Page</b> (7 3/8" x 9 3/4")	\$480	\$870	\$1,560
<b>2/3 Page</b> (7 3/8" x 6 3/8")	\$375	\$678	\$1,200
<b>1/2 Page</b> (7 3/8" x 4 3/4")	\$270	\$480	\$864
<b>1/3 Page</b> (7 3/8" x 3 1/4")	\$195	\$174	\$624
<b>1/4 Page</b> (3 5/8" x 4 3/4")	\$165	\$300	\$540
<b>Business Card</b> (3 5/8" x 2")	\$90	\$162	\$264

Off-Roaders In Action is published by Erin Dyer of Mail Management Services. Please send all advertising to Terry & Faith Work at 4565 West Avenue M14, Quartz Hill, CA 93536 (661) 722-3310 (phone). Or send via email to [faith@corva.org](mailto:faith@corva.org) or [terry@corva.org](mailto:terry@corva.org). Faith Work is available during business hours to answer your advertising questions.

Please supply black and white Camera Ready Artwork on an IBM compatible disk or via email. Please make checks payable to CORVA. All ads are pre-paid.

Location of ad is chosen on a first come, first serve basis. All ads are subject to approval by CORVA and/or the publisher. We print on book bond white newsprint. Line Screen is 85-100. Density is 240-260.

Image Size is 7-3/8" x 9-3/4". Trim Size is 8-3/8" x 10-7/8". Bleed Size is 8 1/2" x 11". Image is Emulsion Up, Right Reading Up. You may provide an IBM compatible file in .JPG, .TIF, .EPS, .CDR, or .PDF file format. Files in MS Word or Publisher will be rescanned and may lose clarity. Due to the newsprint paper we print on, all images will darken (due to bleed); thus lighter ads are preferred.

Prices quoted above are for black and white ads only. Rate of advertisements with additional color(s) varies depending on number of issues printed. Call for details if interested in color ads. CORVA and its publisher are not responsible for errors in advertising beyond the cost of the space occupied by the advertisement. If an error does occur which CORVA or the publisher is responsible for making, CORVA will reimburse the customer with one free ad of the same size. Deadlines for ads are 2 months prior to the month of publication.

Thank you for choosing to advertise with CORVA! We appreciate your support!

# Letter from a Long-Time CORVA Member

By Charles Seeley, East Bay Hi Tailers

I just read Ed's article in the February "Off-Roaders In Action". Action is right! I may have the Johnsons beat (As I'm sure Bill Salmon has). I built my first buggy in 1967 and have been playing in buggies and 4WDs ever since (some 40 plus years, but without kids), and I just got back from a week in Arizona with 6 rigs, all together, playing on mining roads and Gen. Patten's tank corps. trails.

The first year that the CORVA Northern Jamboree was close to Halloween at Frank Raines Park, I couldn't figure where all the kids came from. Then, someone explained that all the kids living

up and down the canyon had been invited, thus allowing them to Trick or Treat without their parents having to drive them clear into town. I've always thought this was a terrific idea.

For a while we (EBHT) had a 'buggy use on the highway' problem, but we've worked it out with the police and they now allow us to drive our buggies along the highway (again) to clean up the debris. While once in a while we pick up old tires, the largest item we've gotten was an old refrigerator door. Once, we discovered a chemical dump (drugs?) hid behind a hill. We called the police on this one and they got it picked up. The locals seem to appreciate the cleanup and they usually wave as they drive past.

And Ed's right about this year's Northern Jamboree parking. I usually arrive before noon on Thursday, and this year I had to double up for a camping space.

But still, like Ed said, a fabulous event! And this let's you know, we really do read the articles!

## Donate to N 2 Dirt!

Contributions Are Tax Deductible\*

CORVA's Educational Program is a separate entity from CORVA. It is a 501(c)3 charitable organization. Contributions are tax deductible (\*check with your tax advisor for specifics). So, here's your chance to help us get N2Dirt up and running! The goal of our committee is to distribute OHV safety, mine safety, & Stay On Trails handouts, elementary school programs, create public service announcements, install new kiosks, start a Jr. OHV Ranger program, Teen programs, and so much more!!!!!! Help us help the next generation of OHVers!

I am donating \$ \_\_\_\_\_.

- **Overdrive** - cont'd from page 14 -

and insist that all our members and public comply with the laws and know what the rules are, we all will surely lose our right to "access our public lands".

In these pages you will see what Friends of Jawbone and Friends of El Mirage have done for their annual clean up projects. They and all the partners are to be commended on doing this tedious work. Without their work we would be in a worse situation.

It is because of this that I, Ed Waldheim, am not going anywhere. For those who thought they got rid of me finally when I retired as CORVA President, I have news for you. You all better start thinking what your main goal in life is and figure out what role you will play in "keeping access to public lands open". Surely if you don't, you will become the dinosaur; you will be extinct and have no riding, hiking or horseback riding area left to use.

It is only as outdoor recreationist that we can make a difference and I sincerely hope you all start thinking very strongly how you can help in forming a Friends group in your own local area or get involved in the existing ones we have already created.

We, at the California Trail Users Coalition (CTUC), can help you get moving forward. The proof is that for 15 years now we have been doing just that, working with all stakeholders in individual areas throughout the state. That is where the work gets done.

See you all on a trail. My door is always open if you need help in your specific areas, either forming a new group or working with California Trails Users Coalition, a 501.c3 non profit corporation, with board members from equestrian, to mountain bikers, to hikers and OHV. Contact me at edwaldheim@aol.com.

- **OHV Lobby Day** - cont'd. from page 6 -

We encourage all clubs and all CORVA members to consider attending next year's OHV Lobby Day. For the cost of a \$130 plane ticket and a hotel room (if you choose to spend the night), you can make a BIG difference in your sport. Clubs can work ahead to sponsor one or two club members to attend next year on the club's behalf. The very best part of attending is that one can learn how to speak to legislators and take that experience back to your hometown to work with the local offices in your area.

We hope to see you at OHV Lobby Day next year!

# MEMBERSHIP

## Why YOU should JOIN CORVA?

The California Off-Road Vehicle Association is a "grass roots" membership organization representing all recreational off-road vehicle users -- whether you ride motorcycles, 3- or 4-wheelers, dune buggies, sand rails, 4x4s, SUVs or off-road racing vehicles.

CORVA is protecting your land-use rights! Since 1968, millions of acres of California's public land have been closed to off-road recreationists. Despite the many closures, CORVA has been successful for over 39 years in keeping California riding areas open and appealing those which have closed.

California's public lands are for the public's use -- off-roaders included. When you join CORVA, you are joining thousands of off-roaders who want the same thing...a safe and fun place to ride. We encourage you to join our off-roading family, today!

## CORVA proudly provides its members...

- Over 39 years of continuous promotion of multiple land use objectives!
- Lobbying activities in Sacramento and Washington, DC!
- Continuous appeals of unfair and unjust closure of access to public lands!
- Extensive oversight of the California OHV "Green Sticker" Fund and OHMVR Commission.
- *OFF-ROADERS IN ACTION* subscription to keep you informed of off-road legislative battles affecting your sport!
- California League of Off Road Voters' Voting Guide!
- Professional legal coun-

(Cut out and mail in today )
